

Designing for users with low vision

Do...

use good colour contrasts and a readable font size

publish all information on web pages

use a combination of colour, shapes and text

follow a linear, logical layout

200% magnification

put buttons and notifications in context

Don't...

use low colour contrasts and small font size

bury information in downloads

only use colour to convey meaning

spread content all over a page

200% magnification

separate actions from their context
